

KEEP PLAYING!

Extend the fun of Cariboo Island and help your child's natural abilities grow with these do-together activities!

DISCOVER

Practice counting using the treasure coins. Lay out the coins, pick a number, and ask your child to collect this many coins. You can also practice early addition and subtraction. Ask your child, if she has 4 coins and you take away 2, how many will she have left?

PERFORM

Have your child try balancing a coin on the back of their hand while walking across the room. Try balancing two or three coins, balancing a coin on your head, or even crab walking and balancing a coin on your chin. Do it together and be silly!

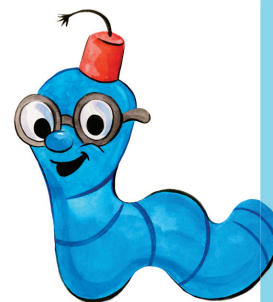

CREATE

Hunt for colors and shapes inside or outside your house. Search for things that are blue, green, yellow, and red. See how many circles, squares, and triangles you can find.

CONNECT

Make up a story with your child about Cariboo Island and the things you see there, such as cupcakes, balloons, an aardvark, a castle...

Troubleshooting

- If the treasure chest lid or one of the island doors snaps off, simply snap it back into place.
- If treasure coins get stuck between doors while you play, remember to give the island a little jiggle at the start of each game to help the coins settle into place.

Cariboo island

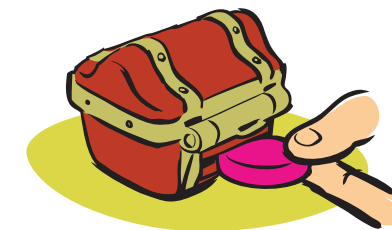

a Magical treasure hunt game

AGES
3+

Welcome to magical Cariboo Island... where you take turns matching letters, numbers, colors, and shapes to unlock doors and hunt for treasure!

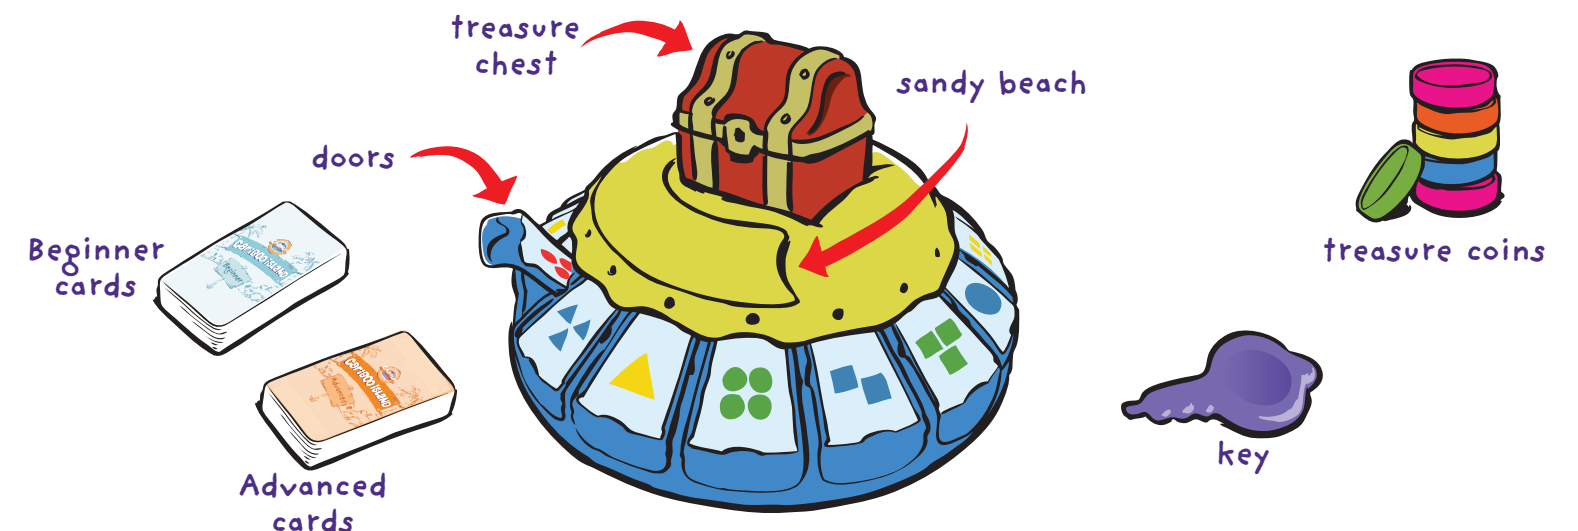

GET READY

1. Snap the treasure chest into place on top of Cariboo Island.
 2. Make sure the doors and the treasure chest are closed.
 3. Slide all six coins into the slot behind the treasure chest, then give the island a little jiggle to make sure the coins are well hidden.
 4. Select either the Beginner or Advanced cards and place them face down in a pile.
 5. Give the key to the youngest player, who goes first.
- Now you're ready to play Cariboo Island!

OBJECT OF THE GAME

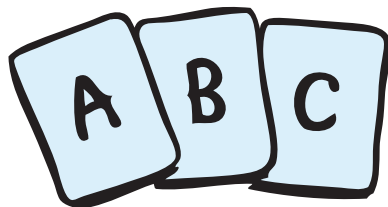

Work together to find all six treasure coins and open the treasure chest!

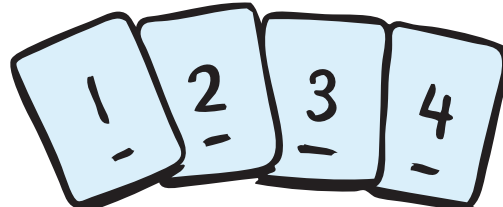

HOW TO PLAY THE BEGINNER GAME

A, B, C and 1, 2, 3, 4

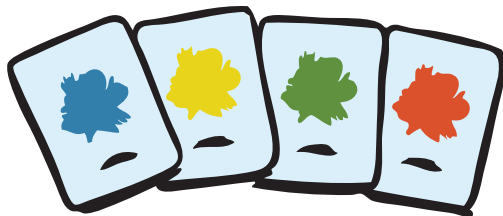

- 1 Draw a card to start your turn.
The Beginner game has four types of cards:

Match a **letter** card to the first letter of the word on a door.

Match a **number** card to the number of things on a door.

Match a **color** card to the color of things on a door.

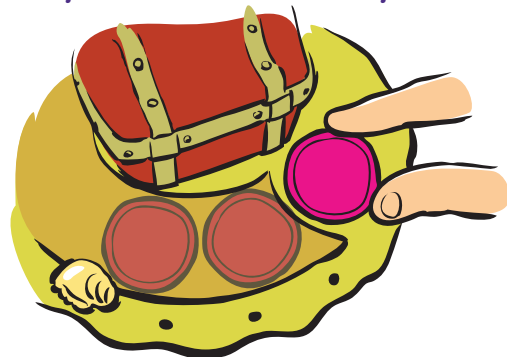

Match a **shape** card to the shape of things on a door.

- 2 Find one door that matches your card, then open it with the key. If you can't find a door that matches your card, it's the next player's turn.

Leave doors open as you go, so you know where you've already looked.

- 3 If you find a treasure coin, bury it in the sandy beach.

- 4 Now it's the next player's turn. Pass the key to the player on your left.

HOW TO WIN

When the last treasure coin is buried in the sandy beach, the Cariboo Island treasure chest pops open. The player who opens the treasure chest wins!

PLAY AGAIN

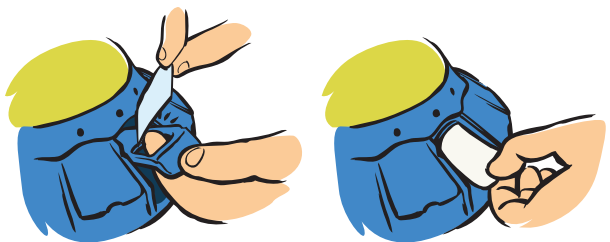

Slide the crab back to the right to remove the treasure coins from the sandy beach. Close the treasure chest and play again!

ADVANCED GAME

A to Z and 1 to 10

For more letter- and number-matching fun, remove the door cards, flip them over to the **Advanced** sides, and slide the cards back into the doors.

The Advanced game has two types of cards:

Letter Cards

Match the letter or the color of the card

Match a **letter** card to a letter that appears in a word on a door. You can match **any** letter within the word; it doesn't have to be the first letter of the word. You can also match the **color** of the letter on your card to the color of the picture on a door.

Number Cards

Match the number or the color of the card

Match a **number** card to the number of things on a door. You can also match the **color** of the number on your card to the color of the picture on a door.
